**Linton Family Pharmacy changes more than just ownership**

*Linton Family Pharmacy will not only change their ownership,  
but the identity of their business.*

LINTON, IN- The city of Linton and surrounding towns within Greene County will soon begin to see changes at Linton Family Pharmacy. Linton Family Pharmacy, located in downtown Linton, is now solely owned and operated by Pharmacist Jeff Doris and wife Vickie Doris.

Not only has the ownership of the Linton Family Pharmacy changed, over the next few months, so will its image. It is the goal of the Doris family to expand services and provide the community with a modern, full-service family pharmacy where service to the customers is key.

“We will reform this pharmacy into something better than it has ever been. A place where service to each customer and friend is a first priority,” said Jeff Doris, owner and pharmacist of Linton Family Pharmacy. “Linton Family Pharmacy should be known as a pharmacy with a knowledgeable, caring and loyal staff. It is locally owned and operated, and it is our goal that every community member that we serve feels valued and appreciated.”

Some of the changes that the community will begin seeing at Linton Family Pharmacy are a new identity of the business, new signs, logos, remodeling and rehabbing and expansion of the current building. Linton Family Pharmacy has also taken possession of a new Scion xB, which will serve as a delivery vehicle to Linton and the surrounding areas. Look for the Scion xB around Greene County branded with bold graphics and the new look of Linton Family Pharmacy.

“A brand is more than bricks and mortar. The heart of our pharmacy is the interaction with people that work here... and the people of the community we serve,” Doris said.

As well as the identity changing, so will the scope of the services the pharmacy offers. Technology will be a vital part of the new changes going on in the downtown pharmacy building. “During the transition, you’ll see dramatic changes over the next year. Customers will soon be able to access pharmacy services through updated technology, and request their prescription refills via website as well as telephone,” Doris said. A Linton Family Pharmacy website will soon allow for customers to access store hours, coupons, and read monthly columns on current health issues and other health- and community-related content in the convenience of their own home.

“We want the pharmacy to be up-to-date and easily accessible to the public, both physically and on the Internet. That is why we are remodeling the building and employing services that will streamline prescription refilling,” Doris said.

The Doris family and the Linton Family Pharmacy staff hope that the changes to the downtown area pharmacy will continue to show Greene County that Linton Family Pharmacy is a knowledgeable, caring, and loyal pharmacy that is committed to providing much more than prescriptions.

**Linton Family Pharmacy, 847-1978**, is located at 60 A Street NW in downtown Linton, Indiana, and serves Linton and surrounding towns in Greene County. Linton Family Pharmacy offers prescription services, custom prescription compounding, medical equipment and supplies, nurse scrubs and uniforms, as well as drive-up window services and free delivery. Linton Family Pharmacy participates in and welcomes all Medicare-D and Medicaid programs offered in Indiana.

Linton Family Pharmacy is owned and operated by Pharmacist Jeff Doris and wife Vickie Doris. They have three children, Emmalee, Samuel, and Lilliann, and the family lives, works and serves in Greene County, Indiana. Jeff Doris is a graduate of Butler University, Indianapolis, and Eastern Illinois University, and has served Greene County as a pharmacist for over 12 years.
